NINJA JET IS-35

AIR COMPRESSOR

IWATA STUDIO SERIES NINJA JET AIR COMPRESSOR — IS-35

Congratulations on your new purchase! The Iwata Ninja Jet Air Compressor has been designed for users who need clean and portable, pulse-free air with adjustable air pressure to the airbrush.

Features:

- Small and portable
- Oil-less piston compressor
- On/off switch
- Air pressure adjustment knob
- Airbrush holder
- Iwata airhose

1. Unpack the compressor and all packaged components. Enclosed you'll find:
 - a. Ninja Jet Compressor (#IS-35)
 - b. Coiled Air Hose
 - c. Adapter Kit (for other brands of airbrushes)
 - d. Ninja Jet Manual

2. Screw the airhose onto the airbrush.
 - a. If you're using a brand of airbrush other than Iwata, use the appropriate adapter from the Adapter Kit. You might have to try them out to see which one is right.

3. Screw the airhose onto the compressor.
 - a. Other brands of airbrush hoses will fit the compressor. (Compressor has standard 1/4" threads)

4. Press down on the airbrush trigger before turning on the unit.

5. Plug the unit into a grounded wall outlet. Avoid using an extension cord.

6. Turn ON the unit by pressing the on/off switch. The on/off switch is located on the back of the unit. Adjust the air pressure by turning the air adjustment knob. Turn knob toward + to increase pressure and toward - to decrease pressure. Max pressure on the Ninja Jet is 18 psi.

7. When not using your airbrush, place the front of the airbrush into the holder. If using a bottle-feed airbrush, put the back end of the airbrush into the holder.

Note on moisture: When units get warm from extended use, they can spit out moisture. To prevent this from hindering your spray, use the Iwata Pistol-Grip Moisture Filter (F A450). This item can be purchased where Iwata products are sold.

Note on voltage: If you bought the compressor in the country you're going to use it, it's completely ready to go. If you're going to transfer the compressor to another country with a different voltage, the unit won't accommodate the new voltage on its own; you'll need a plug adapter and the appropriate power converter. These items typically are found at hardware stores or electronic stores.

All Iwata compressors are *Warranted* against all manufacturing defects of material and manufacture or workmanship for a period of ONE year from the date of purchase*. Any part or material that is or becomes defective so as not to be usable within this period will be repaired or replaced. This warranty does not cover damage caused by negligence or a compressor that has been altered or abused in any way.

Call or email Iwata-Medea before returning a compressor for the appropriate procedure for warranty repairs. Any material that is shipped to Iwata-Medea without prior authorization will not be accepted.

- Telephone Technical Support: Iwata-Medea offers technical support over the phone at no charge. Telephone support includes general usage information, cleaning tips, and troubleshooting.
- For Tech Support please call us at 503-253-7308 Pacific Time, 9am – 12pm & 1pm – 4pm, Monday – Friday
- NOTE: All compressors returned for repair must have a Return Authorization Number. Please call 503-253-7308 to obtain an RA number, instructions, and our shipping address.

Warranty service will be provided only at authorized Iwata-Medea service centers. You must pay all charges for shipping/transporting your Iwata Studio Series Compressor to/from these service facilities.

Iwata-Medea, Inc will not be responsible for damage to persons or property, commercial loss or any other incidental or consequential damage caused by a defective compressor. However, some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations may not apply to you.

All implied warranties, including any warranty of merchantability or fitness are limited to the duration of this written warranty. However, some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you.

* Please keep the sales receipt.
